Prophet Musa (a) And The Basket!

Kisa Kids Publications
Under the Guidance of Moulana Nabi R. Mir (Abidi)

A long time ago, there lived a very mean king named Firaun. He was scared that someone else would become the king instead of him. So, he told his soldiers to hurt all the little baby boys. That way, no one else could become the king.

When baby Musa's (a) mother heard this, she became very scared. She didn't want anything bad to happen to her baby! She was a good Muslim and trusted Allah. So, she prayed to Allah to help her.

Soon, Allah sent her a special message. He told her to make a strong basket out of straw and put baby Musa (a) in it.

Then, He told her to put the basket in the river. She was worried, but she knew that Allah would take care of her baby. She told baby Musa's (a) sister to watch where the basket would go.

Meanwhile, Asiyah, the mean king's wife was sitting by the river. All of a sudden, she spotted a basket floating down the river. She quickly opened it and was surprised to see a beautiful baby boy inside!

When the mean king found out, he wanted to hurt the baby! Asiyah was a nice lady and a good Muslim, so she begged the king not to hurt the baby. She said that she would keep him and take care of him. The king agreed, and baby Musa (a) was saved!

Asiyah was so happy to have baby Musa (a) and loved him very much, but baby Musa (a) would not stop crying. Asiyah did not know what to do! Baby Musa's (a) sister was watching, and she quickly went home to tell her mother what had happened. Baby Musa's (a) mother had a great idea. She went to Asiyah and said, "Let me hold the baby. Maybe he will stop crying."

Asiyah gave her baby Musa (a), and he immediately stopped crying! "Wow!" said Asiyah. "Can you help me take care of this baby?" "Of course!" said baby Musa's (a) mother, happily. Baby Musa's (a) mother thanked Allah. She trusted Allah, so He saved her baby. When baby Musa (a) grew up, he became a special Prophet. He was very nice and kind. He taught everyone how to make good choices.
